

DOCKET NO.: BMS-2288/DM-6958A
Application No.: 10/622,246
Office Action Dated: January 7, 2005

PATENT

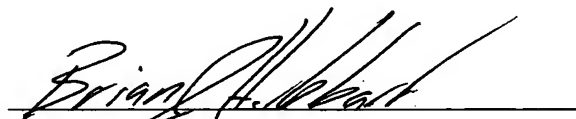

REMARKS

Attached is a substitute specification to replace the existing specification pursuant to MPEP §608.01(q). No new matter is added. The specification has been amended to list the sequence identification numbers and to include the revised cross reference submitted March 7, 2005. A marked up copy is included with markings showing all the changes relative to the immediate prior version of the specification of record.

The Examiner is invited to call the undersigned if she has any questions.

Date:

March 14, 2005
